The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**RESOLUTION SETTING FRANCHISE FEE,
NEGATIVE DECLARATION FOR EXCLUSIVE FRANCHISE AGREEMENTS, AND
EXCLUSIVE FRANCHISE AGREEMENT FOR WEST WHITTIER
ALL SUPERVISORIAL DISTRICTS
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Adopt the enclosed resolution establishing a franchise fee in the amount of 10 percent of the monthly gross receipts as consideration for the grant of a franchise to provide solid waste handling services in County unincorporated areas in accordance with Chapter 20.70 of the Los Angeles County Code (All Supervisorial Districts).
2. Consider the enclosed Negative Declaration for exclusive Franchise Agreements to provide refuse, green waste, and recyclables collection services to residential properties in eight County of Los Angeles unincorporated areas, together with any comments received during the public review period; find on the basis of the whole record before the Board of Supervisors that there is no substantial evidence that the project will have a significant affect on the environment; find that the Negative Declaration reflects the independent judgment and analysis of the Board; and adopt the Negative Declaration (Supervisorial Districts 1, 4, and 5).

3. Find that the public health, safety, and welfare require that the County award an exclusive franchise for residential solid waste handling services for the unincorporated West Whittier area.
4. Award an exclusive franchise to Universal Waste Systems, Inc., located in Santa Fe Springs, California, to provide refuse, green waste, and recyclables collection services to residential properties in the unincorporated area of West Whittier commencing upon execution of both parties. The solid waste collection services will start on April 1, 2007, with a termination date of March 31, 2014, subject to compliance with all terms and conditions contained in the Franchise Agreement with an initial monthly rate of \$15.99 (including a 10 percent franchise fee) per customer for basic services (Supervisory District 1).
5. Authorize the Director of Public Works to execute an Agreement with Universal Waste Systems, Inc. substantially similar to the enclosed Franchise Agreement; to take all necessary and appropriate steps to carry out the Agreement, including granting extension of the termination date up to a total of six months, and terminating the Agreement, if, in the opinion of the Director, it is in the best interest of the County to do so.
6. Find that the proposed project is *de minimus* in its effect on fish and wildlife resources, and authorize the Director of Public Works to complete and file a Certificate of Fee Exemption for the project with the County Clerk.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The State Legislature has found and declared that the amount of solid waste generated in the State of California, coupled with diminishing landfill space and potential adverse environmental impacts from landfilling, have created a need for local agencies to enact and implement aggressive integrated waste management programs. Through enactment of the California Integrated Waste Management Act of 1989, the State has directed agencies, such as the County, to divert 50 percent of all solid waste from disposal based on the levels of solid waste generated in 1990, subject to adjustments for certain demographic and economic factors, through source reduction, recycling, and composting of solid waste. Failure to meet this 50 percent waste diversion mandate by the year 2000 and thereafter may subject the County to penalties of up to \$10,000 per day.

The County has implemented many aggressive waste diversion programs in the unincorporated areas but has been unable to meet the State's 50 percent mandate. The State's Integrated Waste Management Board granted the County a Time Extension to allow more time for the County to implement additional diversion programs (as stipulated in the Time Extension) and other measures to improve the County's ability to document its achievement of the 50 percent mandate. These required measures include replacing the existing open-market system of waste collection with a franchise system in the unincorporated areas that are not within a garbage disposal district. The franchise system would increase waste diversion through the use of automated waste collection services and would give the County the ability to implement comprehensive reporting requirements to better document waste diversion activities in the unincorporated areas.

The franchise system will also help improve the level, quality, and efficiency of the solid waste collection services provided to unincorporated area residents. It will bring these services to parity with the best that cities currently offer while maintaining competitive rates. The majority of the 88 cities in the County of Los Angeles have a franchise system of waste collection.

On September 28, 2004, your Board adopted an ordinance authorizing Franchise Agreements for solid waste handling services in all or part of the unincorporated territory. On March 21, 2006, your Board adopted an ordinance further requiring, as consideration for the grant of a franchise, the payment of a franchise fee to the County in such amount as may be determined by your Board.

This recommended action is to (1) establish a franchise fee in the amount of 10 percent of the monthly gross receipts to provide funding necessary for planning, implementing, administering, and enforcing Franchise Agreements for solid waste collection services in the unincorporated areas as well as implementing additional needed waste management programs, including waste reduction, public outreach programs, special collection services, community cleanup activities, and illegal dumping prevention activities; (2) adopt a Negative Declaration for exclusive Franchise Agreements for residential solid waste collection services in eight County unincorporated areas, including West Whittier; and (3) award an exclusive franchise to provide weekly, fully automated, separate collection in carts, processing, and disposal of refuse, commingled recyclable materials, and green waste generated by single-family residences and duplexes (franchise services) in the unincorporated West Whittier area. The Franchise Agreement also requires the franchisee to provide franchise services to multifamily and commercial properties upon request, and it allows the franchisee to provide bin service upon request to residential properties.

The franchise system will provide for automated collection service with separate recycling and green waste collection, franchisee reporting requirements, screening protocol for unpermitted waste and other safety requirements, and a customer education program. In addition, recycling programs, such as Universal/E-Waste cleanup events, Sharps Program, illegal dumping prevention and cleanup activities, and others will be implemented. The implementation of these waste management programs will provide residents with convenient opportunities to dispose of hard-to-handle wastes, increase recycling, and assist the County in meeting the State's 50 percent waste reduction mandate (AB939) and avoid penalties.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility since the franchise fee will provide the funding necessary to administer the franchises, and implement needed waste management programs for the franchise areas, thereby increasing recycling and avoiding State penalties.

This action is also consistent with the County Strategic Plan Goals of Service Excellence and Children and Families' Well-Being since the franchise program will assist in providing County residents with responsive, high-quality waste collection, recycling, and disposal services and provide for appropriate oversight to ensure compliance with the terms of the Franchise Agreements, thereby protecting the health and safety of the West Whittier residents, the environment, and improving the quality of life in this unincorporated area of the County.

FISCAL IMPACT/FINANCING

There will be no impact on net County cost. There will be a 10 percent franchise fee imposed for the grant of a franchise to provide solid waste handling services in the County unincorporated areas, in accordance with Chapter 20.70 of the Los Angeles County Code. The franchise fee will be deposited in Public Works' Solid Waste Management Fund.

The enclosed exclusive Franchise Agreement for residential solid waste collection services in the West Whittier area (Agreement) will allow the franchisee to charge its customers a basic monthly rate of \$15.99 (which includes the 10 percent franchise fee) for these services. The collection services will commence on April 1, 2007, and continue for a period of seven years, and the Director may extend the Agreement for up to six months.

The Agreement allows rate adjustments for annual changes in the CPI (Consumer Price Index), PPI (Producer Price Index Series), and/or solid waste facility fees. The monthly rate will also be adjusted for changes in the franchise fee.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Chapter 20.70 of the Los Angeles County Code authorizes the Board to award solid waste handling franchises to assist the County in achieving compliance with the State's waste diversion requirements, to improve the quality and efficiency of solid waste handling services, and to require payment of a franchise fee as consideration for the grant of a franchise.

Section 20.70.020 of the County Code authorizes the Board to award a nonexclusive, partially exclusive, or wholly exclusive franchise for certain solid waste handling services for any given geographic area of the unincorporated territory of the County.

Prior to the Director executing the Agreement, which will be substantially similar to Enclosure A, the Agreement will be approved as to form by County Counsel and executed by the franchisee.

ENVIRONMENTAL DOCUMENTATION

An Initial Study was prepared for the award of exclusive Franchise Agreements to provide residential solid waste collection services in eight Los Angeles County unincorporated areas (the project) in compliance with the California Environmental Quality Act (CEQA) and State and County guidelines. The Initial Study showed that there is no substantial evidence that the project may have a significant affect on the environment. Therefore, in accordance with Section 15070 of the State CEQA Guidelines, a Negative Declaration was prepared. Based upon the Negative Declaration, the project will not have a significant affect on the environment.

Upon approval of the Negative Declaration by your Board, we will file a Certificate of Fee Exemption with the County Clerk. We will also file a Notice of Determination in accordance with the requirements of Section 21152(a) of the California Public Resources Code. A \$25 processing fee will be paid to the County Clerk.

CONTRACTING PROCESS

On May 18, 2006, Public Works solicited proposals from 169 independent contractors and community business enterprises for an exclusive Franchise Agreement to provide residential solid waste collection services in the unincorporated area of West Whittier. Also, notice of the Request for Proposals (RFP) was placed on the County's bid website (Enclosure B), and an advertisement was placed in the *Los Angeles Times*.

On July 10, 2006, six proposals were received. The proposals were evaluated by an evaluation committee consisting of Public Works and outside agency employees with experience in the contracting process. The committee's evaluation was based on the criteria described in the RFP, which included the proposer's price, experience, work plan, financial resources, references, environmental record, and procurement/contract disputes. Based on this evaluation, the evaluation committee recommended that the Agreement be awarded to the highest-rated, responsive and responsible proposer, Universal Waste Systems, Inc.

Universal Waste Systems, Inc. was selected upon final analysis and consideration without regard to race, creed, gender, or color.

The Agreement contains terms and conditions supporting Board-sponsored policies, such as contractor responsibility and debarment, the Safely Surrendered Baby Law, and charitable activities compliance. Jury service requirements and local Small Business Enterprise preference program were not included since the Agreement is not a County service contract.

Proof of the required Comprehensive General and Automobile Liability insurance policies, naming the County as an additional insured, evidence of Workers' Compensation insurance, and performance assurance will be obtained from the selected franchisee before commencement of the franchise services.

As requested by your Board, the contractor has submitted a safety record which, in our opinion, reflects that activities conducted by the contractor in the past have been according to reasonable standards of safety.

In accordance with the Chief Administrative Officer's June 15, 2001, instructions, this is Public Works' assurance that the franchisee will not be requested to perform services that will exceed the Agreement's rate, scope of work, terms and conditions, and/or duration.

**COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS**

**NEGATIVE DECLARATION
FOR
FRANCHISE SOLID WASTE COLLECTION SYSTEM**

I. Location and Brief Description

The project consists of eight exclusive Franchise Agreements between the County of Los Angeles and selected waste collectors to provide refuse, green waste, and recyclables collection services to residential (single-family and two-unit) property owners in the following Los Angeles County unincorporated areas: Avocado Heights, Bassett/Valinda/South San Jose Hills, Citrus, La Crescenta, Rowland Heights, South San Gabriel, South Whittier, and West Whittier.

Solid waste collection services in the unincorporated areas of the County of Los Angeles are currently provided either through an open-market system in which property owners arrange directly for services with the waste haulers of their choice or through garbage disposal districts. The County of Los Angeles is proposing to change existing residential solid waste collection services for certain County unincorporated areas from an open-market system to a franchise system. Franchisees would be required to provide automated collection services and to offer separate green waste and recyclables collection.

On September 28, 2004, the County Board of Supervisors adopted Ordinance No. 2004-0055. This ordinance authorizes the award of nonexclusive, partially exclusive, or wholly exclusive Franchise Agreements for solid waste collection services in all or part of the unincorporated territory of the County, in accordance with California Public Resources Section 40059, for the purpose of assisting the County in achieving compliance with the State's waste diversion requirements and improving the quality and efficiency of solid waste collection services in the unincorporated territory.

On May 18, 2006, the County of Los Angeles Department of Public Works issued requests for proposals for exclusive Franchise Agreements to provide residential solid waste collection services in the unincorporated areas of Avocado Heights, Bassett/Valinda/South San Jose Hills, Citrus, La Crescenta, Rowland Heights, South San Gabriel, South Whittier, and West Whittier.

Each of these areas is currently served by one, two, or three residential waste collectors. Three of the six residential waste collectors currently serving the eight proposed franchise areas use manual collection vehicles. All residential waste collectors are required to provide green waste and recyclables collection services. Three areas are entirely served by automated collection services; none receive only manual collection services throughout the area. Green waste and recyclables collection services are permitted to be provided either by separate collection, necessitating the use of three vehicles per route, or by commingled collection that is taken to a materials recovery facility (MRF) for separation. Only one of the

waste collectors currently serving the eight areas uses a MRF; all other collectors who are in compliance with the County's requirements use three collection vehicles to collect refuse, green waste, and recyclables separately.

One exclusive franchise is proposed to be awarded for each of the eight areas. Each waste hauler to be awarded a franchise would be required to enter into a Franchise Agreement with the County and comply with the County's requirements. The Franchise Agreements incorporate a standard scope of services with modifications as needed to reflect each community's unique characteristics and needs as well as reporting and customer service requirements and provisions to enhance the County's enforcement of waste collection requirements. Residential property owners in the franchise areas would arrange directly with the franchisee for waste collection services unless they choose to self-haul.

The project is anticipated to increase diversion of green waste and recyclable materials, reduce pollution from collection vehicle exhaust, reduce employee injuries, increase customer services and customer service accountability, improve Assembly Bill 939 program implementation performance and reporting accuracy, and facilitate more efficient enforcement of waste collection laws. The project specifics are detailed in the requests for proposals described above and the draft Franchise Agreement attached to the requests for proposals.

Waste collectors operating pursuant to a Franchise Agreement would perform franchise services in accordance with the laws governing the safe collection, transport, recycling and disposal of residential solid waste.

II. Mitigation Measures Included in the Project to Avoid Potentially Significant Affects

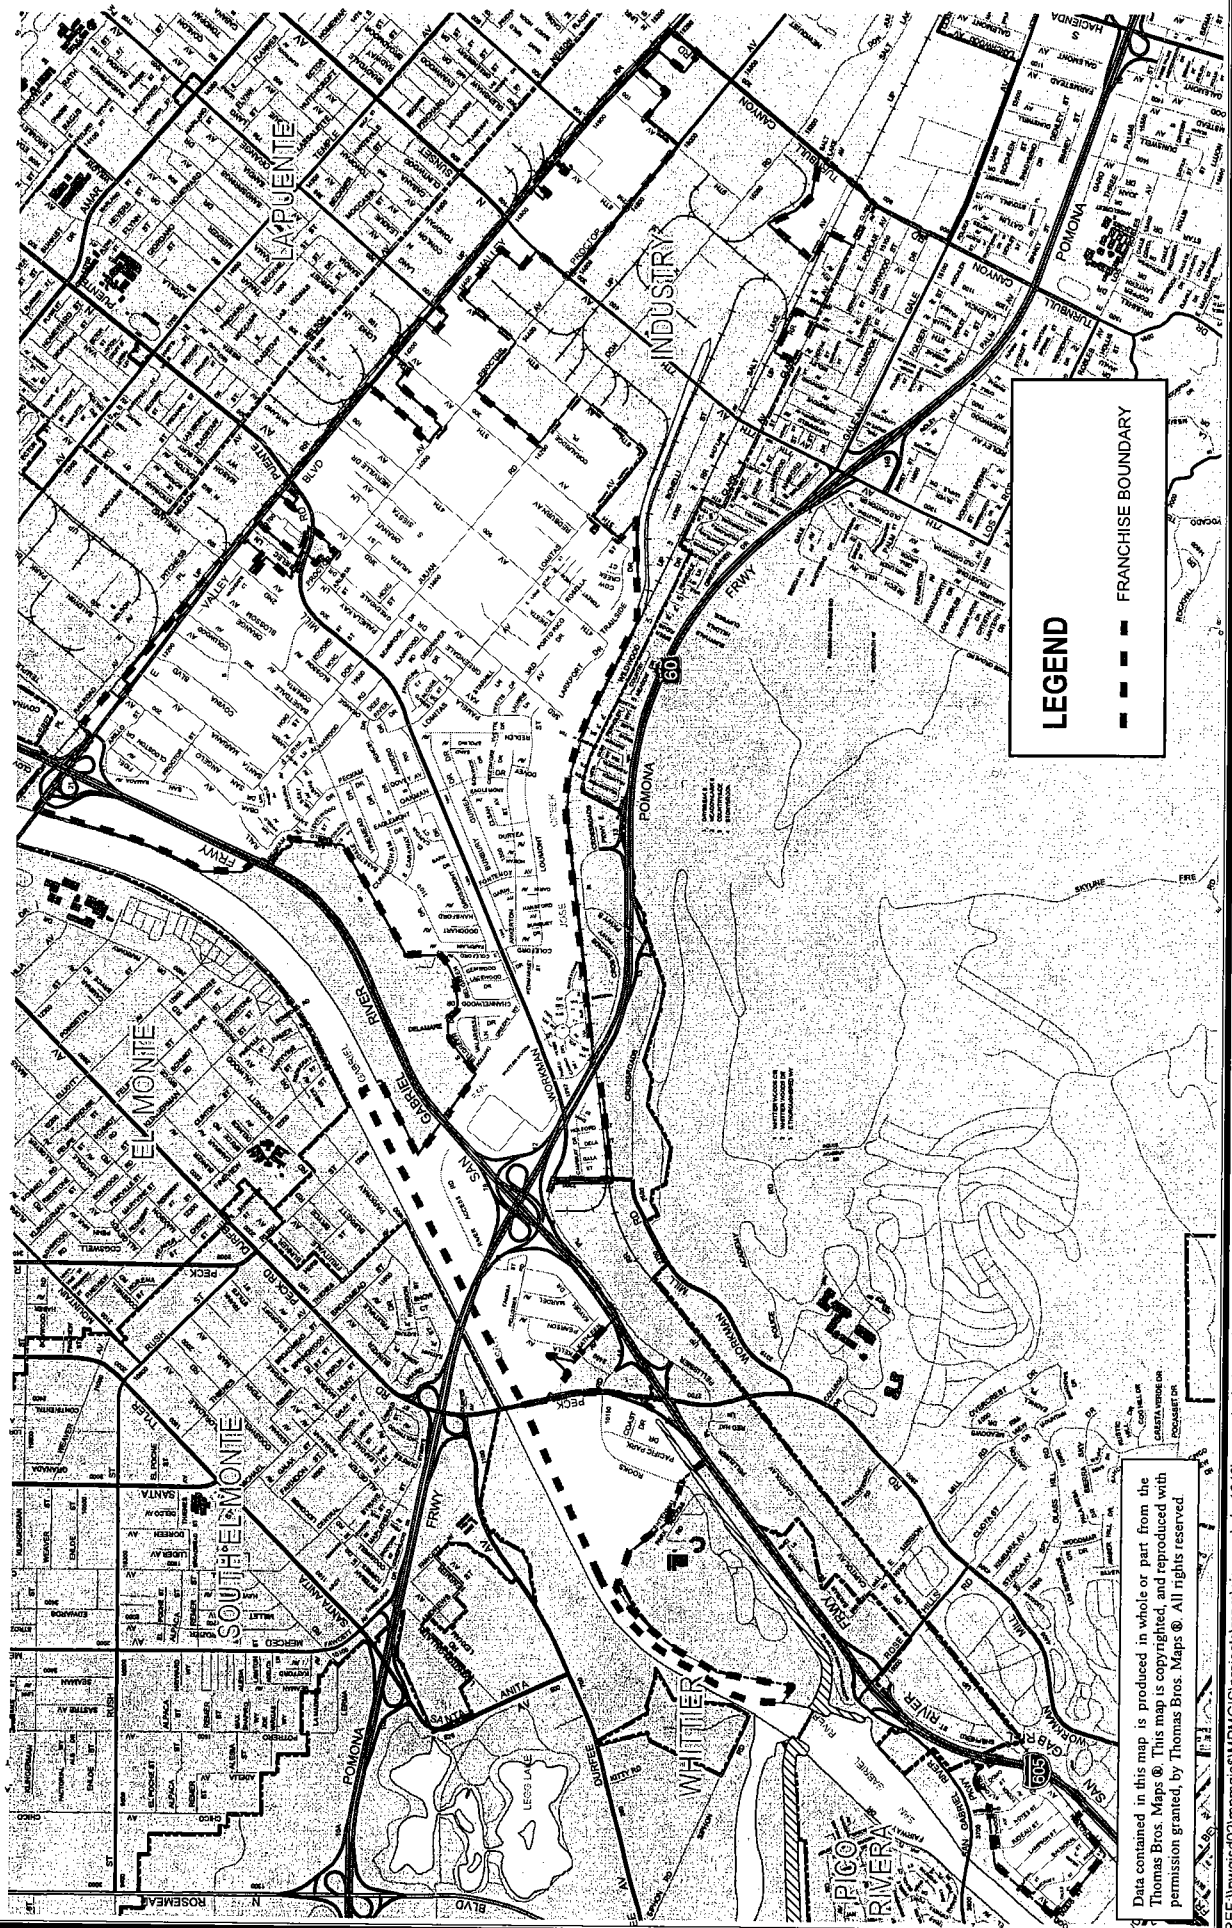

No significant affects are identified.

III. Finding of No Significant Affect

Based on the attached Initial Study and Attachment A - Discussion of Environmental Factors, it has been determined that the project will not have a significant affect on the environment.

Description of Project: The project consists of eight exclusive franchise agreements between the County of Los Angeles and selected waste collectors to provide refuse, green waste, and recyclables collection services to residential (single family and 2-unit) property owners in the following Los Angeles County unincorporated areas: Avocado Heights, Bassett/Valinda/South San Jose Hills, Citrus, La Crescenta, Rowland Heights, South San Gabriel, South Whittier, and West Whittier.

Solid waste collection services in the unincorporated areas of the County of Los Angeles are currently provided either through an open-market system in which property owners arrange directly for services with the waste haulers of their choice or through garbage disposal districts. The County of Los Angeles is proposing to change existing residential solid waste collection services for certain County unincorporated areas from an open-market system to a franchise system. Franchisees would be

required to provide automated collection services and to offer separate green waste and recyclables collection.

On September 28, 2004, the County of Los Angeles Board of Supervisors adopted Ordinance No. 2004-0055. This ordinance authorizes the award of nonexclusive, partially exclusive, or wholly exclusive franchise agreements for solid waste collection services in all or part of the unincorporated territory of the County, in accordance with California Public Resources Section 40059, for the purpose of assisting the County in achieving compliance with the State's waste diversion requirements and improving the quality and efficiency of solid waste collection services in the unincorporated territory.

On May 18, 2006, the County of Los Angeles Department of Public Works issued requests for proposals for exclusive franchise agreements to provide residential solid waste collection services in the unincorporated areas of Avocado Heights, Bassett/Valinda/South San Jose Hills, Citrus, La Crescenta, Rowland Heights, South San Gabriel, South Whittier, and West Whittier.

Each of these areas is currently served by one, two, or three residential waste collectors. Three of the six residential waste collectors currently serving the eight proposed franchise areas use manual collection vehicles. All residential waste collectors are required to provide green waste and recyclables collection services. Three areas are entirely served by automated collection services; none receive only manual collection services throughout the area. Green waste and recyclables collection services are permitted to be provided either by separate collection, necessitating the use of three vehicles per route, or by commingled collection that is taken to a materials recovery facility (MRF) for separation. Only one of the waste collectors currently serving the eight areas uses a MRF; all other collectors who are in compliance with the County's requirements use three collection vehicles to collect refuse, green waste, and recyclables separately.

One exclusive franchise is proposed to be awarded for each of the eight areas. Each waste hauler to be awarded a franchise would be required to enter into a franchise agreement with the County and comply with the County's requirements. The franchise agreements incorporate a standard scope of services with modifications as needed to reflect each community's unique characteristics and needs, as well as reporting and customer service requirements and provisions to enhance the County's enforcement of waste collection requirements. Residential property owners in the franchise areas would arrange directly with the franchisee for waste collection services unless they choose to self-haul.

The project is anticipated to increase diversion of green waste and recyclable materials, reduce pollution from collection vehicle exhaust, reduce employee injuries, increase customer services and customer service accountability, improve Assembly Bill 939 program implementation performance and reporting accuracy, and facilitate more efficient enforcement of waste collection laws. The project specifics are detailed in the requests for proposals described above and the draft franchise agreement attached to the requests for proposals.

Waste collectors operating pursuant to a franchise agreement would perform franchise services in accordance with the laws governing the safe collection, transport, recycling, and disposal of residential solid waste.

9. Surrounding Land Uses and Settings:

A. Project Site - The proposed project is located in the eight County unincorporated communities of Avocado Heights, Bassett/Valinda/South San Jose Hills, Citrus/Charter Oak/Ramona, La Crescenta, Rowland Heights, South San Gabriel, South Whittier, and West Whittier. These communities consist of a mixture of single family homes, multi-family properties, businesses, and commercial and industrial properties. Most of the roads in these areas are paved. The population varies in size from one community to another with a total population of approximately 1.67 million.

B. Surrounding Properties - The surrounding properties consist of the same mix discussed for the project site.

10. Other agencies whose approval is required (and permits needed): None.

EVALUATION OF ENVIRONMENTAL IMPACTS

- 1 A brief explanation is required for all answers, except "No Impact" answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g., the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g., the project will not expose sensitive receptors to pollutants based on a project-specific screening analysis).
- 2 All answers must take account of the whole action involved, including off-site as well as on-site, cumulative as well as project level, indirect as well as direct, and construction as well as operational impacts.
- 3 "Potential Significant Impact" is appropriate if an effect is significant or potentially significant, or if the lead agency lacks information to make a finding of insignificance. If there are one or more "Potential Significant Impact" entries when the determination is made, an Environmental Impact Report (EIR) is required.
- 4 "Less Than Significant With Mitigation Incorporation" applies where the incorporation of mitigation measures has reduced an effect from "Potential Significant Impact" to a "Less Than Significant Impact." The lead agency must describe the mitigation measures and briefly explain how they reduce the effect to a less than significant level (mitigation measures from Section XVIII, "Earlier Analysis," may be cross-referenced).
- 5 Earlier analyses may be used where, pursuant to the tiering, program EIR or other California Environmental Quality Act process, an effect has been adequately analyzed in an earlier EIR or Negative Declaration. Section 15063(c)(3)(D). Earlier analyses are discussed in Section XVIII at the end of the checklist.
- 6 Lead agencies are encouraged to incorporate into the checklist references, information sources for potential impacts (e.g., general plans and zoning ordinances). See the sample question below. A source list should be attached and other sources used or individuals contacted should be cited in the discussion.

DISCUSSION OF ENVIRONMENTAL FACTORS

FRANCHISE SOLID WASTE COLLECTION SYSTEM

I. AESTHETICS - Would the project:

a) *Have a substantial adverse effect on a scenic vista?*

No Impact. The proposed project, award of an exclusive residential solid waste collection franchise in each of eight County of Los Angeles unincorporated communities, would not have a substantial adverse effect on any scenic vistas. No construction is proposed, and waste collection activities would continue at the same residential locations and streets and would not appear to be significantly different from current residential waste collection activities. The same amount of residential solid waste would be collected in these areas, and the number of residential waste collectors in each area would remain the same or would be fewer.

b) *Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings within a State scenic highway?*

No Impact. The proposed project would not substantially damage any scenic resources. No construction is proposed and waste collection activities would continue to take place in residential areas and streets.

c) *Substantially degrade the existing visual character or quality of the site and its surroundings?*

No Impact. The proposed project would not change the visual quality of the franchise areas, transport route areas, or surrounding areas. No construction is proposed, and waste collection activities would continue at the same residential locations and streets and would not appear to be significantly different from current residential waste collection activities. The same amount of residential solid waste would be collected in these areas, and the number of residential waste collectors in each area would remain the same or would be fewer.

d) *Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?*

No Impact. The proposed project would not create a new source of substantial light or glare. No construction is proposed and residential waste

collection would only take place from 6 a.m. to 6 p.m. (daylight hours) Monday through Saturday.

II. AGRICULTURE RESOURCES - Would the project:

- a) ***Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to nonagricultural use?***

No impact. The proposed project would not change any land uses.

- b) ***Conflict with existing zoning for agricultural use or a Williamson Act contract?***

No impact. The proposed project would not conflict with any zoning for agricultural use and there are no Williamson Act contracts in the project area.

- c) ***Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to nonagricultural use?***

No impact. No construction or change in use is proposed and the proposed project would not involve any changes in the existing environment that could result in the conversion of Farmland to nonagricultural use.

III. AIR QUALITY - Would the project:

- a) ***Conflict with or obstruct implementation of the applicable air quality plan?***

Less than significant impact. The proposed project would not conflict with or obstruct implementation of the applicable air quality plan since the project would reduce the impacts from vehicle emissions compared to current residential waste collection activities in the franchise areas. No construction or change in use is proposed, waste collection activities would continue to occur at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

Each franchise area would be served by one residential waste collector; currently, two franchise areas are served by one residential collector, five are served by two residential collectors, and one is served by three residential collectors.

The proposed franchise agreements require franchise waste collectors to comply with all applicable air pollution control laws, such as diesel particulate matter control measures applicable to solid waste collection vehicles as set forth in Article 4 of Chapter 3, Division 3, Title 13, California Code of Regulations.

In addition, the proposed franchise agreements require all collection services to be fully automated, whereas three of the six current residential waste collectors use manual collection vehicles. This requirement is anticipated to further reduce vehicle emissions due to the replacement of older diesel or other higher-emission trucks with newer automated vehicles, as well as the elimination of the longer truck idling periods used in manual collection. These emissions reductions would more than offset emissions increases, if any, due to automated collection from one side of the street at a time instead of manual collection from both sides of the street in a single trip.

- b) *Violate any air quality standard or contribute substantially to an existing or projected air quality violation?***

Less than significant impact. The proposed project would not violate any air quality standard or contribute substantially to an existing or projected air quality violation. As discussed in Section III.a above, the project would reduce the impacts from vehicle emissions compared to current residential waste collection activities in the franchise areas.

- c) *Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is nonattainment under an applicable Federal or State ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)?***

No impact. The proposed project would not result in a cumulatively considerable net increase of any criteria pollutant for which the project region is nonattainment under an applicable Federal or State ambient air quality standard. As discussed in Section III.a above, the project would reduce the impacts from vehicle emissions compared to current residential waste collection activities in the franchise areas.

- d) *Expose sensitive receptors to substantial pollutant concentrations?***

No impact. The proposed project would not expose sensitive receptors to substantial pollutant concentrations, as discussed in Section III.a above.

- e) *Create objectionable odors affecting a substantial number of people?***

Less than significant impact. The proposed project would not create objectionable odors affecting a substantial number of people. As discussed in Section III.a above, the project would reduce the impacts from vehicle emissions compared to current residential waste collection activities in the franchise areas. Residential waste would be collected in the franchise areas and taken to a municipal solid waste management facility in the region. Collection of residential solid waste would be fully automated and placed in carts with stable bases and attached tight-fitting lids with wheels that reduce animal scavenging, litter, and spill and franchise waste collectors would be required to clean up all litter, spills and leaks. Any remaining odors or emissions from residential waste collection vehicles would be temporary due to the dynamic nature of the collection process and in low concentrations due to dilution from ambient air.

IV. BIOLOGICAL RESOURCES - Would the project:

- a) ***Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?***

No impact. The proposed project would not have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service. Most of the franchise areas are densely developed urban areas. No construction or change in use is proposed, waste collection activities would continue to occur at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

- b) ***Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?***

No impact. The proposed project would not have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations or by the California Department of Fish and Game or U.S. Fish and Wildlife Service. Most of the franchise areas are densely developed urban areas. No construction or change in use is proposed, waste collection activities would continue to occur at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

- c) ***Have a substantial adverse effect on Federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?***

No impact. The proposed project would not have a substantial adverse effect on any federally protected wetlands through direct removal, filling, hydrological interruption, or other means. No construction or change in use is proposed, and waste collection activities would continue to occur at the same residential locations and streets. Waste collection activities would not take place in or remove, fill or hydrologically interrupt any marshes, vernal pools or other federally protected wetlands.

- d) ***Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?***

No impact. The proposed project would not substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites. Most of the franchise areas are densely developed urban areas. No construction or change in use is proposed, waste collection activities would continue to occur at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

- e) ***Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?***

No impact. The proposed project would not conflict with any local policies or ordinances protecting biological resources. No construction or change in use is proposed, waste collection activities would continue to occur at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

- f) ***Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan?***

No impact. The proposed project would not conflict with the provisions of any applicable Habitat Conservation Plan, Natural Community Conservation Plan, or other applicable local, regional, or state habitat conservation plan. Most of the franchise areas are densely developed urban areas. No

construction or change in use is proposed, waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

V. CULTURAL RESOURCES - Would the project:

- a) *Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5?***

No impact. The proposed project would not cause a significant adverse change in the significance of a historical resource. No physical demolition, destruction, relocation, or alteration of any historical resource or its immediate surroundings is proposed.

- b-d) *Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5; directly or indirectly destroy a unique paleontological resource or site or unique geologic feature; or disturb any human remains, including those interred outside of formal cemeteries?***

No impact. The proposed project would not cause a significant adverse change in the significance of an archaeological resource, directly or indirectly destroy a unique paleontological resource or site or unique geologic feature, or disturb any human remains. No construction or demolition is proposed, all activities would occur above ground, waste collection activities would continue to occur at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

VI. GEOLOGY AND SOILS - Would the project:

- a) *Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:***
- i) *Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.***
 - ii) *Strong seismic ground shaking?***
 - iii) *Seismic-related ground failure, including liquefaction?***
 - iv) *Landslides?***

No impact. The proposed project would not expose people or structures to potential significant adverse effects involving rupture of a known earthquake fault, strong seismic ground shaking, seismic-related ground failure, or landslides. No construction or demolition is proposed, all activities would take place above ground, waste collection activities would continue to occur at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

b) *Result in substantial soil erosion or the loss of topsoil?*

No impact. The proposed project would not result in substantial soil erosion or loss of topsoil. No construction or demolition is proposed, all activities would take place above ground, waste collection activities would continue to occur at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

c) *Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on-or off-site landslide, lateral spreading, subsidence, liquefaction or collapse?*

No impact. The proposed project would not potentially result in on-or off-site landslide, lateral spreading, subsidence, liquefaction or collapse due to soil instability. No construction or demolition is proposed, all activities would occur above ground, waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer. Residential waste collection vehicles are among many heavy industrial vehicles that travel the streets daily.

d) *Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?*

No impact. The proposed project would not create substantial risks to life or property due to expansive soil. No construction or demolition is proposed, all activities would occur above ground, waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer. Residential waste collection vehicles are among many heavy industrial vehicles that travel the streets daily.

- e) ***Have soils incapable of adequately supporting the use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water?***

No impact. The proposed project would not generate waste water or involve the use of septic tanks or alternative waste water disposal systems.

VII. HAZARDS AND HAZARDOUS MATERIALS - Would the project:

- a) ***Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?***

No impact. The proposed project would not involve the routine transport, use, or disposal of hazardous materials. The requirements of the franchise agreements would ensure that only residential waste that does not include observable hazardous materials would be routinely collected. The proposed franchise agreements obligate the franchise waste collectors to develop and implement a hazardous waste screening protocol to ensure that they collect and transport only waste that does not include observable hazardous materials, and to provide for proper disposal of any observed hazardous materials. Waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected. The residential waste collected from the franchise areas would be transported to permitted solid waste management facilities in the region.

- b-c) ***Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment or emit hazardous emissions or handle hazardous materials, substances or wastes within one quarter mile of an existing or proposed school?***

Less than significant impact. The proposed project would not create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment or emit hazardous emissions or handle hazardous materials, substances or wastes within one-quarter mile of an existing or proposed school. Waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected. As discussed in Section VII.a above, the proposed franchise agreements prohibit the routine collection and transporting of hazardous materials and require the franchise waste collectors to provide for the safe disposition of any hazardous waste observed in the performance of their collection activities. The proposed franchise agreements further require that franchise waste collectors secure pollution endorsements to automobile liability insurance policies that cover costs of cleaning up hazardous material spills.

- d) ***Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code, Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?***

No impact. The proposed project would not take place on a site, which is known to be included on a list of hazardous materials sites compiled pursuant to Government Code, Section 65962.5. Residential waste collection activities would continue to occur in streets and at the same residential locations.

- e) ***For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area?***

No impact. The proposed project would not result in a safety hazard for people residing or working in the project area, since the franchise areas are not within the planning boundaries of the adopted Los Angeles County Airport Land Use Plan, and waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected.

- f) ***For a project within the vicinity of a private airstrip, would the project result in a safety hazard for people residing or working in the project area?***

No impact. The proposed project would not result in a safety hazard for people residing or working in the project area, since the franchise areas are not within the vicinity of any known private airstrips, and waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected.

- g) ***Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?***

No impact. The proposed project would not impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan. Waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer. Waste collection vehicles are among many heavy industrial vehicles that travel the streets each day, and they do not affect use of the streets or access to residences by emergency response personnel.

In addition, the proposed franchise agreements obligate the franchise waste collectors to provide the County with maps of their collection routes and schedules, and the County would have the right to request changes to accommodate emergency evacuation plans or routes. Further, the proposed franchise agreements obligate the franchise waste collectors to make specified efforts to assist the County in the event of major disasters.

- h) Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?***

No impact. The proposed project would not expose people or structures to a significant risk of loss, injury, or death involving wildland fires. Most of the franchise areas are densely developed urban areas. No construction or change in use is proposed, waste collection activities would continue to occur at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

VIII. HYDROLOGY AND WATER QUALITY - Would the project:

- a) Violate any water quality standards or waste discharge requirements?***

Less than significant impact. The proposed project would not violate any water quality standards or waste discharge requirements. Waste collection activities would continue to take place at the same residential locations and streets, where runoff is designed to flow to the County's storm drain system, with the same amount of residential waste collected. Collection of residential solid waste would be fully automated and placed in carts with stable bases and attached tight fitting lids with wheels that reduce animal scavenging, litter, and spill. In addition, the proposed franchise agreements require the franchise waste collectors to prevent solid waste from escaping from collection vehicles during collection and transportation, and to immediately clean up all litter, spills, and leaks.

- b) Substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted)?***

No impact. The proposed project would not substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level, since the project would not involve the use of any substantial amounts of water.

- c) ***Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner which would result in substantial erosion or siltation on- or off-site?***

No impact. The proposed project would not result in substantial erosion or siltation on- or off-site since the project would not include activities that could change existing drainage patterns in the franchise areas, transport route areas or surrounding areas.

- d) ***Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or off-site?***

No impact. The proposed project would not result in flooding on- or off-site since the project would not include activities that could change existing drainage patterns or increase the rate or amount of surface runoff in the franchise areas, transport route areas or surrounding areas.

- e) ***Create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?***

Less than significant impact. The proposed project would not create or contribute runoff water, which would exceed the capacity of existing or planned stormwater drainage systems, or provide substantial additional sources of polluted runoff since residential solid waste would be contained in collection vehicles. Waste collection activities would continue to take place at the same residential locations and streets, with the same amount of residential waste collected. Collection of residential solid waste would be fully automated and placed in carts with stable bases and attached tight fitting lids with wheels that reduce animal scavenging, litter, and spill. In addition, the proposed franchise agreements require the franchise waste collectors to prevent solid waste from escaping from collection vehicles during collection and transportation, and to immediately clean up all litter, spills, and leaks.

- f) ***Otherwise substantially degrade water quality?***

No impact. The proposed project would not otherwise substantially degrade water quality since residential solid waste would be contained in collection vehicles. As described in Sections VIII.a and e above, the proposed franchise agreements require the franchise waste collectors to prevent solid waste from escaping from collection vehicles during collection and transportation, and to immediately clean up any solid waste that spills or

leaks onto any street. Waste collection activities would continue to take place at the same residential locations and streets, with the same amount of residential waste collected.

- g) *Place housing within a 100-year flood hazard area as mapped on a Federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?***

No impact. The proposed project does not involve any construction or placement of any housing.

- h) *Place within a 100-year flood hazard area structures which would impede or redirect flood flows?***

No impact. The proposed project does not involve any construction or the placement of any structures that would impede or redirect flood flows.

- i) *Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam?***

No impact. The proposed project would not include activities that could expose people or structures to a significant risk of loss, injury, or death involving flooding.

- j) *Inundation by seiche, tsunami, or mudflow?***

No impact. The proposed project would not include activities that could expose people or structures to inundation by seiche, tsunami, or mudflow.

IX. LAND USE AND PLANNING - Would the project:

- a) *Physically divide an established community?***

No impact. The proposed project would not physically divide an established community. No construction is proposed, waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

- b) *Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to the general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?***

No impact. The proposed project would not conflict with any applicable land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect. No construction or change in use is proposed, waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

c) *Conflict with any applicable habitat conservation plan or natural community conservation plan?*

No impact. The proposed project would not conflict with any applicable habitat conservation plan or natural community conservation plan. No construction or change in use is proposed, waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

X. MINERAL RESOURCES - Would the project:

a) *Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?*

No impact. The proposed project would not use any known mineral resource that would be of value to the region or the residents of the state.

b) *Result in the loss of availability of a locally-important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?*

No impact. The proposed project would not take place on a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.

XI. NOISE - Would the project result in:

a) *Exposure of persons to or generation of noise levels in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?*

Less than significant impact. The proposed project would not expose persons to or generate noise levels in excess of standards established in the County general plan, the County noise ordinance, or applicable standards of other agencies. No construction or change in use is proposed, waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected,

and the number of residential waste collectors in each franchise area would remain the same or would be fewer. Therefore, since the same amount of residential waste would be collected at the same locations, the noise level at each pickup location would not increase.

Residential waste collection would only occur between 6 a.m. and 6 p.m. Monday through Saturday, and the amount of activity at any one location would be very limited in duration. In addition, the proposed franchise agreements require all collection services to be fully automated, whereas three of the six current residential waste collectors use manual collection vehicles. This requirement is anticipated to further reduce the duration of existing noise levels due to the elimination of the longer truck idling periods used in manual collection. Although automated collection is from one side of the street at a time, while manual collection can occur from both sides of the street in a single trip (which sometimes requires the truck to zigzag across the street), automated collection trucks move more quickly down residential streets, which would result in a net reduction in the duration of these already temporary noise events. Therefore, noise levels in the project areas either would remain the same or be reduced compared to current waste collection activities.

b) *Exposure of persons to or generation of excessive groundborne vibration or groundborne noise levels?*

Less than significant impact. The proposed project would not expose persons to or generate excessive groundborne vibration or groundborne noise levels. No construction or change in use is proposed, waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer. Both existing and proposed waste collection vehicles produce temporary groundborne vibration and noise levels, but these levels are not significant.

c-d) *A substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project or a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?*

No impact. The proposed project would not result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project or a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project. As described in Section XI.a above, ambient noise levels in the project areas would either remain the same or be reduced compared to current waste collection activities.

- e-f) ***For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels or for a project within the vicinity of a private airstrip, would the project expose people residing or working in the project area to excessive noise levels?***

No impact. The franchise areas are not within the planning boundaries of the adopted Los Angeles County Airport Land Use Plan or within the vicinity of any known private airstrips.

XII. POPULATION AND HOUSING - Would the project:

- a) ***Induce substantial population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)?***

No impact. The proposed project would not induce substantial population growth, either directly or indirectly. No construction or change in use is proposed.

- b-c) ***Displace substantial numbers of existing housing, necessitating the construction of replacement housing elsewhere, or displace substantial numbers of people, necessitating the construction of replacement housing elsewhere?***

No impact. The proposed project would not displace existing housing or people. No construction, demolition, or change in use is proposed.

XIII. PUBLIC SERVICE - Would the project:

- a) ***Would the project result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services: Fire protection, police protection, schools, parks, other public facilities?***

No impact. The proposed project would not result in the provision of or need for any new or physically altered fire protection, police protection, school, park, or other public facilities. No construction or change in use is proposed, and waste collection activities would continue to take place at the same residential locations and streets, with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

XIV. RECREATION - Would the project:

- a) ***Would the project increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?***

No impact. The proposed project would not increase the use of existing parks or other recreational facilities. Waste collection activities would continue to take place only at residential locations and streets.

- b) ***Does the project include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment?***

No impact. The proposed project does not include recreational facilities or require the construction or expansion of any recreational facilities.

XV. TRANSPORTATION/TRAFFIC - Would the project:

- a) ***Cause an increase in traffic which is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in either the number of vehicle trips, the volume to capacity ratio on roads, or congestion at intersections)?***

No impact. The proposed project would not result in a substantial increase in either the number of vehicle trips, the volume to capacity ratio on roads, or congestion at intersections. Waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

The proposed franchise agreements require all collection services to be fully automated, whereas three of the six current residential waste collectors use manual collection vehicles. Automated collection trucks move more quickly down residential streets, resulting in fewer delays for other vehicles attempting to move behind slow moving manual waste collection trucks.

- b) ***Exceed, either individually or cumulatively, a level of service standard established by the County Congestion Management Agency for designated roads or highways?***

No impact. The proposed project would not exceed, either individually or cumulatively, a level of service standard established by the County Congestion Management Agency for designated roads or highways. The County's Congestion Management Program (CMP) applies to projects that have the potential to generate a minimum of 50 vehicle trips through a CMP

intersection. The proposed project does not have the potential to generate 50 or more trips through a CMP intersection.

- c) ***Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?***

No impact. The proposed project would not result in a change in air traffic patterns.

- d) ***Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?***

No impact. The proposed project would not substantially increase hazards due to a design feature or incompatible uses since it would not add any design features or incompatible uses. Waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

- e) ***Result in inadequate emergency access?***

No impact. The proposed project would not result in inadequate emergency access since no changes in emergency access would occur as a result of the project. Waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer. Waste collection vehicles are among many heavy industrial vehicles that travel the streets each day, and they do not affect use of the streets or access to residences by emergency response personnel.

In addition, the proposed franchise agreements obligate the franchise waste collectors to provide the County with maps of their collection routes and schedules, and the County would have the right to request changes to accommodate emergency access. Further, the proposed franchise agreements obligate the franchise waste collectors to make specified efforts to assist the County in the event of major disasters.

- f) ***Result in inadequate parking capacity?***

No impact. The proposed project would not result in inadequate parking capacity. The project would not result in any increase in the need for parking or any changes to existing parking. Waste collection activities would continue to take place at the same residential locations and streets with the same amount of residential waste collected, and the number of residential waste collectors in each franchise area would remain the same or would be fewer.

g) *Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?*

No impact. The proposed project would not conflict with adopted policies, plans, or programs supporting alternative transportation.

XVI. UTILITIES AND SERVICE SYSTEMS - Would the project:

a) *Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board?*

No impact. The proposed project would not exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board since the project would not result in contamination of or increase in discharge of wastewater. No construction is proposed, and only incidental amounts of wastewater would be generated by the project. Waste collection activities would continue to take place at the same residential locations and streets, with the same amount of residential waste collected, and the number of residential waste collectors in each area would remain the same or would be fewer.

b) *Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?*

No impact. The proposed project would not require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities since the project would not result in any significant increase in water usage or discharge of wastewater.

c) *Require or result in the construction of new storm water drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?*

No impact. The proposed project would not result in the construction of new stormwater drainage facilities or expansion of existing facilities. The proposed project would not create or contribute runoff water that would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff, since residential

solid waste would be contained in collection vehicles. Waste collection activities would continue to take place at the same residential locations and streets, with the same amount of residential waste collected. The proposed franchise agreements require the franchise waste collectors to prevent solid waste from escaping from collection vehicles during collection and transportation, and to immediately clean up all litter, spills, and leaks.

- d) ***Have sufficient water supplies available to serve the project from existing entitlements and resources, or are new or expanded entitlements needed?***

No impact. Sufficient water supplies are available to serve the proposed project since the project would not involve the use of substantial amounts of water.

- e) ***Result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?***

No impact. The proposed project would generate only incidental amounts of wastewater.

- f-g) ***Be served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs and comply with Federal, State, and local statutes and regulations related to solid waste?***

No impact. The proposed project would be served by landfills with sufficient permitted capacity to accommodate the project and would comply with Federal, State, and Local statutes and regulations related to solid waste. The proposed franchise agreements require compliance with all applicable laws and regulations and require the franchise waste collectors to provide documentation of the solid waste facilities to be used. In addition, a goal of the proposed project is to promote less disposal and more recycling of solid waste.

XVII. MANDATORY FINDINGS OF SIGNIFICANCE -

- a) ***Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal or eliminate important examples of the major periods of California history or prehistory?***

No impact. For the reasons described in the above discussion of environmental factors, the proposed project does not have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish and wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory.

- b) *Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects?)***

No impact. The proposed project would not have impacts that are individually limited but cumulatively considerable.

- c) *Does the project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly?***

No impact. The proposed project would not have environmental effects, which will cause substantial adverse effects on human beings, either directly or indirectly.

ENCLOSURE A
SAMPLE FRANCHISE AGREEMENT

THIS AGREEMENT, made and entered into on _____, 2006, by and between the County of Los Angeles, a subdivision of the State of California, a body corporate and politic (hereinafter referred to as COUNTY), and Universal Waste Systems, Inc., a California Corporation (hereinafter referred to as FRANCHISEE).

RECITALS

WHEREAS, Municipal Solid Waste (MSW) Management Services have been provided by private haulers pursuant to permit. Historically, in the approximately 2,700 square mile unincorporated territory of the COUNTY, with a population of approximately one million inhabitants, MSW Management Services have not been provided by the COUNTY itself but rather by private industry through competitive, free enterprise, and open-market, private operations, except in Garbage Disposal Districts where the Garbage Disposal Districts contract with private haulers. Residents and businesses have individually arranged for Solid Waste collection. Customer service charges have been negotiated between customers and haulers. The practice of private arrangements for MSW Management Services between a hauler and Customers will continue under this AGREEMENT, but in order to limit the wear and tear on COUNTY streets, reduce pollution from collection vehicle exhaust, increase customer service accountability, improve Assembly Bill (AB) 939 program implementation performance and reporting accuracy, and facilitate more efficient franchise agreement administration and enforcement by COUNTY staff, only FRANCHISEE will arrange with Customers for MSW Management Services, subject to the terms of this AGREEMENT.

WHEREAS, the COUNTY is authorized to award franchises to private haulers. Article XI, § 7 of the California State Constitution authorizes the COUNTY to protect the public health and safety by exercising its authority over police and sanitary matters. Historically, the COUNTY Department of Health Services issued permits to haulers for the hauling of solid waste with requirements to protect public health and safety, including frequency of collection and collection vehicle maintenance. It will continue to do so, and FRANCHISEE will continue to obtain that permit and comply with all of its provisions.

WHEREAS, Public Resources Code § 40059 specifically authorizes the COUNTY to prescribe the terms and conditions of aspects of MSW Management Services, including frequency of collection; means of collection and transportation; level of services; charges and fees; and the nature, location, and extent of providing MSW Management Services; and whether the services are to be provided by means of nonexclusive, partially exclusive, or wholly exclusive franchise, contract, license, permit or otherwise.

WHEREAS, the County Code authorizes the COUNTY'S Director of Public Works to require franchises in any part of the unincorporated territory of the COUNTY not served by a Garbage Disposal District.

WHEREAS, the COUNTY must comply with AB 939. The State of California has found and declared that the amount of solid waste generated in California coupled with diminishing landfill space and potential adverse environmental impacts from landfilling have created an urgent need for State of California and local agencies to enact and implement an aggressive new integrated waste management program. Through enactment of AB 939, the State of California has directed agencies, such as the COUNTY, to divert 50 percent of all solid waste through source reduction, recycling, and composting activities. The California Integrated Waste Management Board has granted COUNTY a time line to achieve compliance with the AB 939 diversion requirements. Compliance is based in part on executing and implementing this AGREEMENT in order to secure cooperation with FRANCHISEE'S AB 939 waste diversion programs, record keeping, and reporting.

WHEREAS, the COUNTY'S Director of Public Works has determined to require franchises for Franchise Services. In order to assist residents and businesses located in the Service Area to receive quality MSW Management Services and to provide COUNTY with programs, records, and reports that will help COUNTY comply with AB 939, the Director of Public Works has determined to franchise MSW Management Services in portions of the COUNTY, under the terms of this AGREEMENT. The COUNTY gave the FRANCHISEE a 5-year notice under Public Resources Code §49520 of the COUNTY'S intent to authorize, among other options, the exclusive franchising of MSW Management Services in portions of the COUNTY.

WHEREAS, the FRANCHISEE will perform Franchise Services in accordance with the laws governing the safe collection, transport, recycling and disposal of Residential and Commercial Solid Waste, such as AB 939, Recovered Conservation and Recovery Act (RCRA), and Comprehensive Environmental Response Compensation and Liability Act (CERCLA). COUNTY will not exercise control over the disposal or other disposition of the Solid Waste handled by the FRANCHISEE, and COUNTY will not designate or determine the use of any given solid waste facility. FRANCHISEE acknowledges that by entering into this AGREEMENT, COUNTY does not assume any of FRANCHISEE'S obligation to or responsibility for providing Franchise Services, and COUNTY does not become a "generator" or an "arranger" as those terms are used in the context of CERCLA § 107(a)(3). FRANCHISEE agrees that FRANCHISEE, an independent entity, and not COUNTY, is arranging for Franchise Services provided under this AGREEMENT. Although minimum scope of Franchise Services, Service Specifications, and Service Standards are set forth in this AGREEMENT, COUNTY has not, and by this AGREEMENT does not, supervise Franchise Services or assume title to Solid Waste.

WHEREAS, the COUNTY consulted with representatives of private haulers in developing this AGREEMENT. COUNTY and representatives of the private hauling industry met many times to discuss the scope of Franchise Services, Service Specifications, Service Standards and other Performance Obligations and to address certain of the industry's questions, comments and concerns, and COUNTY provided multiple drafts of this AGREEMENT to these representatives.

WHEREAS, the FRANCHISEE is awarded this AGREEMENT. The Board of Supervisors determines and finds pursuant to Public Resources Code §40059, that the public health, safety, and welfare require that FRANCHISEE be awarded this AGREEMENT for Franchise Services pursuant to Chapter 20.70 of the County Code.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

SECTION 1 - GRANT OF RIGHT AND PRIVILEGE TO PROVIDE FRANCHISE SERVICES

A. Grant of Franchise. COUNTY grants to FRANCHISEE the right and privilege described in this Section. COUNTY'S grant is conditioned on FRANCHISEE being at all times ready, willing, and able to fully and timely meet all of its Performance Obligations. FRANCHISEE accepts this Franchise subject to all of the terms and conditions in this AGREEMENT and the exclusions in subsection B.

1. Grant of Exclusive Franchise for Collection in Carts. COUNTY grants to FRANCHISEE the exclusive right and privilege together with the obligation to make and enter into independent arrangements with Customers for the provision of Franchise Services to Residential Premises, subject to the exclusions in subsection B.

2. Grant of Nonexclusive Franchise.

a. *Recyclables.* COUNTY grants to FRANCHISEE the nonexclusive right and privilege together with the obligation to arrange to provide Franchise Services with respect to Recyclables discarded by Customers if prescribed in Exhibit 3A. Notwithstanding the foregoing, however, Customers may donate or sell any or all of their Recyclables to Persons other than FRANCHISEE. FRANCHISEE must include a description of this right in the Subscription Order.

b. *Collection in Carts at Commercial Premises and Multifamily Premises.* COUNTY grants to FRANCHISEE the nonexclusive right and privilege together with the obligation to arrange to provide Franchise Services to Commercial Premises or Multifamily Premises for any Person who requests FRANCHISEE to provide Collection at those Premises in Carts. That Person may arrange with another Person to provide MSW Management Services in Carts.

B. Exclusions from Franchise.

1. **Customer Self-Haul.** This Franchise excludes the right and privilege to Collect self-hauled Solid Waste. Owners and Occupants of Residential Premises and other Persons performing services other than MSW Management Services (such as roofers and gardeners) at those Premises may collect in receptacles other than Containers provided by FRANCHISEE, transport in their own vehicles, and dispose of themselves the Solid Waste generated at those Premises.
2. **COUNTY and Third-Party Agencies.** This Franchise excludes the right and privilege to arrange to provide Franchise Services to Premises owned or controlled by any of the following entities:
 - a. COUNTY or any other entity governed by the Board of Supervisors;
 - b. The State of California;
 - c. Any school district;
 - d. Any entity that is excluded by law from the obligation to subscribe to Franchise Services under this AGREEMENT.

This Franchise does not prohibit FRANCHISEE from executing separate agreements with those entities to provide MSW Management Services.

3. **Collection of Solid Waste in Bins at Residential Premises.** This Franchise excludes the right and privilege to provide Collection of Solid Waste in Carts for any Residential Customer requesting Bins instead of Carts. That Customer may arrange with FRANCHISEE or another Person to provide MSW Management Services in Bins.
4. **Rights Under Public Resources Code §49520.** This Franchise excludes the right and privilege to arrange for provision of Franchise Services with any Person who is receiving solid waste handling services from a solid waste enterprise that has the statutory right to continue to provide solid waste handling services to that person in accordance with Public Resources Code §49520 *et seq.* This Franchise does not prohibit FRANCHISEE from executing separate agreements with those Persons to provide Franchise Services.

- C. Definition of Rights.** FRANCHISEE acknowledges having received a timely notice from COUNTY under Public Resources Code §49520 prior to entering into this AGREEMENT, which notice precludes FRANCHISEE from asserting the right to continue to provide MSW Management Services in the Service Area without a franchise agreement as may be required by COUNTY, now or in the future.

FRANCHISEE further acknowledges that the execution of this AGREEMENT does not confer upon FRANCHISEE any rights under Public Resources Code §49520 and that FRANCHISEE does not have the right to make any claim under or pursuant to Public Resources Code §49520 but only pursuant to the terms of this AGREEMENT. Notwithstanding the foregoing, in accordance with Public Resources Code §49523, COUNTY and FRANCHISEE hereby agree, based upon the mutually satisfactory terms of providing Franchise Services set forth in this AGREEMENT and receipt of compensation therefore, that FRANCHISEE shall cease providing MSW Management Services in the Service Area on the Termination Date even if that Termination Date should occur prior to the expiration of the period described in Public Resources Code §49520. FRANCHISEE'S agreement and acknowledgments herein do not foreclose COUNTY from reprocurring agreements for MSW Management Services, including from FRANCHISEE, following termination of this AGREEMENT, by exclusive, partially exclusive, or wholly exclusive franchise, contract, license, permit or otherwise, with or without competitive bidding.

- D. Franchise Fee.** In consideration for this Franchise, FRANCHISEE shall pay COUNTY the Franchise Fee at the time and in the amount and manner established from time to time by COUNTY ordinance or resolution of the Board of Supervisors. FRANCHISEE shall not separately identify the Franchise Fee in correspondence with Customers, including in Subscription Orders, bills, or invoices. FRANCHISEE'S fees, charges, and other compensation from providing MSW Management Services to Residential Premises in Bin, as authorized but not required in Exhibit 3A, will not be included in the calculation of the Franchise Fee.

SECTION 2 – TERM

- A. Term.** This AGREEMENT commences on the date both parties have executed this AGREEMENT and expires on the Termination Date provided in Exhibit 3A.
- B. Obligations Upon Expiration or Termination of AGREEMENT.** The following provisions will survive the expiration or termination of this AGREEMENT:
1. All acknowledgments, including those in the following Sections:

6. Any other provisions of this AGREEMENT and rights and obligations of the Parties stated to survive the Termination Date, including this subsection B with respect to removal of Containers.

If FRANCHISEE is not awarded an agreement to allow FRANCHISEE to continue to provide MSW Management Services substantially similar to Franchise Services in the Service Area following the expiration or termination of this AGREEMENT, FRANCHISEE shall cooperate fully with COUNTY and the succeeding franchisee(s), licensee(s), permittee(s) or other Person providing MSW Management Services to assure a smooth, efficient, orderly, timely, and effective transition and continued delivery of MSW Management Services to FRANCHISEE'S former Customers. FRANCHISEE shall not remove a Container from any Premises until the earlier of: (1) the date any replacement Containers are provided to the Customer, or (2) two weeks after the Termination Date. FRANCHISEE'S OBLIGATIONS AND COUNTY'S RIGHTS IN THIS SUBSECTION SURVIVE THE TERM.

- C. Undepreciated Assets.** If any of FRANCHISEE'S assets remain undepreciated upon expiration or earlier termination of this Franchise, FRANCHISEE has no

right to recover amounts equal to the undepreciated asset value from COUNTY or Customers, and neither COUNTY nor Customers are obligated to compensate FRANCHISEE for any undepreciated asset value.

SECTION 3 - SCOPE OF SERVICES AND SPECIFICATIONS

- A. **Prescribed Scope.** FRANCHISEE shall arrange to provide Franchise Services to Premises in the Service Area with any Person who requests them. Notwithstanding the foregoing, subject to meeting the minimum required scope of Franchise Services and Service Specifications and Service Standards, FRANCHISEE has the freedom and discretion to determine the means, manner, or method of providing Franchise Services. FRANCHISEE acknowledges that in entering into this AGREEMENT, COUNTY is not responsible for supervising FRANCHISEE or for performance of any Franchise Services. "Acknowledgment: FRANCHISEE has submitted the attached Franchisee Documentation listed below as of the following date:

Date: _____ Director: _____"

- b. **COUNTY Consent.** FRANCHISEE shall submit to the Director for review and consent any changes occurring in Franchisee Documentation listed in Section 3D2b of Exhibit 3D Franchisee Documentation, after the Execution Date. The Director's approval will be evidenced by the following acknowledgment appended to the changed Franchisee Documentation:

"Acknowledgment: I have reviewed and approved the attached Franchisee Documentation submitted by FRANCHISEE as of the following date:

Date: _____ Director: _____"

SECTION 4 - SERVICE STANDARDS

A. Public Health and Safety; Nuisances

1. **Litter.** FRANCHISEE shall clean up all litter caused by FRANCHISEE. When Collecting any Bulky Item, FRANCHISEE shall also clean up all litter within a 10-foot radius of the site from which FRANCHISEE Collected the Bulky Item. FRANCHISEE shall ensure that each Vehicle is properly staffed and equipped at all times for this purpose.
2. **Spills.** FRANCHISEE shall enclose or cover Solid Waste that it transports in Vehicles, debris boxes, hoppers, compactors, or any other containers. FRANCHISEE shall prevent Solid Waste from escaping, dropping, spilling, leaking, blowing, sifting, falling, or scattering from Vehicles ("**Spills**") during Collection and transportation. FRANCHISEE shall not transfer loads from one Vehicle to another Vehicle unless necessitated by mechanical failure or accidental damage to a Vehicle. FRANCHISEE shall immediately clean up any Solid Waste that it Spills onto any alley, street, or public place.
3. **Leaking.** FRANCHISEE shall prevent oil, hydraulic fluid, paint, or other liquid from leaking from its Vehicles. FRANCHISEE shall ensure that each Vehicle carries petroleum absorbent agents, and other appropriate cleaning agents and if any liquid leaks from a Vehicle, FRANCHISEE shall immediately cover the liquid materials, treat, and/or remove those materials from the ground, as necessary, and apply the necessary cleaning agent to minimize the adverse impact of the liquid materials.
4. **Noise.** FRANCHISEE shall conduct Collection as quietly as possible, in compliance with noise levels prescribed by Applicable Law, including County Code §12.08.520 - Refuse Collection Vehicles. FRANCHISEE shall perform Franchise Services so as to cause the least possible obstruction and inconvenience to public traffic or disruption to the peace and quiet of the area within which it performs Franchise Services.

5. **Emergency Telephone Number.** FRANCHISEE shall maintain a local emergency telephone number disclosed to the Director for use by the Director outside Franchisee Office Hours. FRANCHISEE shall make a representative available at the emergency number outside Franchisee Office Hours who will return any emergency call as soon as possible, and in any event within one hour.
- B. **Streets and Alleys.** FRANCHISEE shall use its best efforts to prevent damaging alleys, streets, and parking lots over which its Vehicles operate.  - e. Identify any deductibles or self-insured retention for COUNTY'S approval. COUNTY retains the right to require FRANCHISEE to reduce such deductibles or self-insured retention as they apply to COUNTY or to require FRANCHISEE to provide a bond, letter of credit, or certificate of deposit guaranteeing payment of all such retained losses and related costs, including expenses, or both, related to investigations, claims administrations, and legal defense. The bond or letter of credit must be extended by a corporate surety licensed to transact business in the State of California; and
 - f. Upon COUNTY request, include documentation acceptable to COUNTY verifying that the individual signing or countersigning the certificates, policies, endorsements, or other evidence of coverage is authorized to do so and identifies his or her company affiliation and title.  - b. Any third-party claim or lawsuit filed against FRANCHISEE arising from or related to Franchise Services; or
 - c. Any injury to a FRANCHISEE employee that occurs on COUNTY property. FRANCHISEE shall submit its report on a COUNTY "Non-employee Injury Report" form available on COUNTY'S

website at
<http://cao.co.la.ca.us/RMB/pdf/NonEmployeeInjuryReport.pdf>.

4. **Insurance Coverage Requirements for Subcontractors.**

FRANCHISEE shall insure any and all Subcontractors performing Franchise Services under this AGREEMENT by providing evidence that either:

- a. FRANCHISEE is maintaining the above required insurance covering the activities of Subcontractors, or
- b. Subcontractors are maintaining the above required insurance coverage.

FRANCHISEE shall promptly provide COUNTY with copies of evidence of Subcontractor insurance coverage upon COUNTY request.

5. **Insurance Coverage Requirements.** FRANCHISEE shall secure and maintain insurance coverages meeting the following requirements. FRANCHISEE may use a combination or primary and excess insurance coverage to satisfy these requirements:

- b. ***Pollution Liability Coverage*** for pollution conditions resulting from transported cargo with a limit of not less than \$2 million per occurrence covering loss (including cleanup costs) that FRANCHISEE becomes legally obligated to pay as a result of claims for bodily injury, property damage, and cleanup costs (including expenses required by environmental laws or incurred by federal, state, or local governments or third parties) resulting from pollution conditions caused by transported cargo (including waste). For the purpose of this subsection 14B5b, "pollution conditions" includes the dispersal, discharge, release, or escape of any solid, liquid, gaseous or thermal irritant or contaminant (such as smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, medical waste,

and waste materials) into or upon land, any structure on land, the atmosphere, or any watercourse or body of water (including groundwater), provided such conditions are not naturally present in the environment in the amounts or concentrations discovered. The pollution liability coverage must provide contractual liability coverage, by endorsement, if necessary, for FRANCHISEE'S indemnification of COUNTY in accordance with Section 14A. FRANCHISEE'S general liability policy may be endorsed to provide for pollution liability coverage.

- c. **Automobile Liability Coverage** (written on ISO policy forms CA 00 12 pr CA 00 20 or their equivalent) with a limit of liability not less than \$2 million for each accident and endorsed to include pollution liability (using form CA 99 48 or its equivalent). Such insurance must cover any and all vehicles used by FRANCHISEE pursuant to its operations and services and the terms of this AGREEMENT. FRANCHISEES subject to federal regulations also shall maintain any other coverages necessary to satisfy state or federal financial responsibility requirements.

SECTION 15 - PERFORMANCE ASSURANCE

FRANCHISEE shall secure and maintain throughout the Term a faithful performance bond, in a form satisfactory to COUNTY or, at COUNTY'S sole and absolute discretion, any alternative security acceptable to the Director, including cash, certified check payable to COUNTY, certificate of deposit, or letter of credit (together, "**Performance Assurance**"). During the first Contract Year, the amount of the Performance Assurance must be in the sum established by COUNTY to secure full and timely satisfaction of Performance Obligations, including payment of Franchise Fees, and any liquidated

damages. In all subsequent Contract Years, that amount must be not less than the sum of:

1. 15 percent of FRANCHISEE'S Gross Receipts minus Franchise Fees for the prior Contract Year;
2. 110 percent of the Franchise Fees paid by FRANCHISEE during the first six months of the prior Contract Year;
3. 110 percent of any liquidated damages assessed FRANCHISEE by COUNTY during the first six months of the prior Contract Year;
4. Up to \$50,000, at the discretion of the Director; and
5. Any additional amounts provided in Exhibit 3A.

A performance bond must be payable to COUNTY and executed by a corporate surety licensed to transact business ("admitted") as a surety in the State of California. The corporate surety must have an A.M. Best Rating of not less than A:VII, unless otherwise approved by COUNTY. The form of performance bond may not allow the bond surety to substitute another Person to perform Franchise Services but must provide for payment of moneys to COUNTY to secure substitute Franchise Services, remedy damages incurred, and ensure satisfaction of all Performance Obligations, including payment of Franchise Fees or liquidated damages to COUNTY, if recovered from COUNTY in any bankruptcy or similar proceedings relating to FRANCHISEE. The performance bond must be conditioned upon faithful performance by FRANCHISEE of all the terms and conditions of this AGREEMENT, including payment of Franchise Fees and any liquidated damages.

Each Performance Assurance must be renewed to provide for continuing liability in the above amount notwithstanding any payment or recovery thereon. On or before the Execution Date and promptly upon any renewal of the Performance Assurance, FRANCHISEE shall deliver the Performance Assurance to COUNTY.

COUNTY may verify the accuracy and authenticity of the Performance Assurance submitted.

SECTION 16 - EMERGENCY SERVICE

A. COUNTY Right to Provide MSW Management Services.

1. **Events.** COUNTY may perform, or contract for the performance of, any or all of FRANCHISE Services, including the collection of Solid Waste or any portion thereof and the transportation and delivery to a solid waste facility, upon the occurrence of either of the following events, determined by County in its sole discretion:

- a. FRANCHISEE, due to Uncontrollable Circumstances or for any reason whatsoever, fails, refuses, or is unable for a period of 48 hours to collect and/or at any time to transport Solid Waste or any portion thereof to a Solid Waste Facility and the Director determines there is danger to the public health, safety, or welfare; or
- b. COUNTY suspends or terminates this AGREEMENT.

If COUNTY contracts for the performance of any or all of Franchise Services, it will consider contracting with other COUNTY franchisees. COUNTY has no obligation to continue providing Franchise Services and may at any time, in its sole discretion, cease to provide Franchise Services. However COUNTY'S right to provide Franchise Services will continue until FRANCHISEE can demonstrate to COUNTY'S satisfaction that FRANCHISEE is ready, willing, and able to resume timely and full Franchise Services or until COUNTY can make alternative arrangements for providing MSW Management Services comparable to Franchise Services in scope and price, which may include contracting with another service provider.

- 2. **Notice.** COUNTY may give FRANCHISEE oral notice that COUNTY is exercising its right to perform Franchise Services, which notice is effective immediately, but must confirm oral notice with a Notice within 24 hours thereafter.

- 3. **Service Assets.**

- a. ***COUNTY Possession.*** Upon giving FRANCHISEE oral notice, COUNTY may take possession of any or all Service Assets necessary or convenient in providing Services, and FRANCHISEE shall fully cooperate with COUNTY to transfer possession of Service Assets to COUNTY. Customers' possession of Containers will be deemed possession by COUNTY if necessary to exercise this right.
- b. ***Service Asset Document.*** Any document that encumbers or limits FRANCHISEE'S interest in Service Assets, including a lease, financing contract, acquisition over time, mortgage, or other instrument establishing a security interest to or by FRANCHISEE, must allow COUNTY to assume FRANCHISEE'S obligations and to continue use of Service Assets in performing MSW Management Services.

- c. **Updated Inventory.** In each Annual Report and at any other time requested by COUNTY, FRANCHISEE shall update its inventory of Service Assets included in Franchisee Documentation to reflect acquisition or replacement of Service Assets, accompanied by a certification signed by FRANCHISEE that all Vehicles meet any specifications provided in this AGREEMENT and all Carts meet specifications in any attachment to Exhibit 3A.
- d. **County Use.** COUNTY may use Service Assets to provide all or a portion of Franchise Services. COUNTY shall have absolute and exclusive control over Service Assets as though COUNTY were the absolute owner thereof. However, upon COUNTY request, FRANCHISEE shall keep Service Assets in good repair and condition. Unless Franchisee maintains them, COUNTY shall assume complete responsibility for use of Service Assets while they are in its possession and shall maintain Service Assets in the same condition as they were in when FRANCHISEE transferred possession thereof to County. Subject to maintenance by FRANCHISEE, COUNTY shall return Service Assets to FRANCHISEE in the same condition as received, normal wear and tear excepted.

FRANCHISEE shall maintain in full force and effect all insurance required in accordance with Section 14 during COUNTY'S possession of Service Assets. By granting COUNTY the right to possession and use of FRANCHISEE'S Service Assets, FRANCHISEE hereby declares as follows:

- i. COUNTY and Customers are permitted users for purposes of liability insurance policies that FRANCHISEE must procure and maintain under this AGREEMENT; and
- ii. COUNTY'S and Customers' use and possession is not intended to be and is not transfer of ownership for purposes of any liability policies.

Furthermore, if COUNTY has possession and/or use of FRANCHISEE'S Service Assets, FRANCHISEE shall execute whatever documentation its liability insurers require to ensure that COUNTY and Customers are protected and covered by FRANCHISEE'S general and automobile policies, including requesting and executing endorsements to those policies. FRANCHISEE hereby gives COUNTY the right to call and confer with FRANCHISEE'S insurance broker to determine what, if any, documentation or actions are necessary to achieve protection satisfactory to COUNTY. FRANCHISEE hereby gives COUNTY

the right to pay for any endorsements, additional premiums, or other costs. By executing this AGREEMENT, FRANCHISEE authorizes its insurance broker to cooperate with and respond to requests from COUNTY, which authorization FRANCHISEE may not rescind without COUNTY consent.

4. **FRANCHISEE'S Personnel.** Upon giving FRANCHISEE oral notice in accordance with subsection A2, COUNTY may immediately engage personnel necessary or convenient for providing all or a portion of Franchise Services, including employees previously or then employed by FRANCHISEE. However COUNTY shall not be obligated to hire FRANCHISEE'S employees and may use municipal employees or other Persons to provide all or a portion of Services, including driving Vehicles. Promptly upon COUNTY request, FRANCHISEE shall make available to COUNTY all FRANCHISEE'S management and office personnel necessary or convenient for providing Franchise Services (including customer services) and billing at the cost, if any, provided in subsection A8.
5. **Records and Reports.** Upon COUNTY'S request, FRANCHISEE shall promptly provide COUNTY with immediate access and/or possession of Records, including those related to routing and billing. Without limiting its available remedies provided elsewhere in this AGREEMENT, COUNTY may seek specific performance of this obligation.
6. **Reimbursement.** FRANCHISEE shall reimburse COUNTY for County's Reimbursement Costs incurred in taking over possession and use of Service Assets in accordance with subsection A3 and in providing MSW Management Services in amounts exceeding Rates.
7. **Stipulations.** FRANCHISEE stipulates that COUNTY'S exercise of rights under this Section does not constitute a taking of private property for which COUNTY must compensate FRANCHISEE shall not create any liability on the part of COUNTY to FRANCHISEE and does not exempt FRANCHISEE from any Indemnities, which Parties acknowledge are intended to extend to circumstances arising under this Section. However, FRANCHISEE is not required to indemnify COUNTY against claims and damages arising from the negligence or misconduct of COUNTY officers and employees (other than employees of Franchisee at the time COUNTY commenced performing Services) and agents driving Vehicles. COUNTY shall indemnify FRANCHISEE, its Affiliates and its and their officers, directors, employees, and agents from and against damages, costs, or other expenses or losses they incur arising out of or relating to that negligence or misconduct.

8. **Rental and Other Compensation.**

- a. ***Uncontrollable Circumstances.*** If an event enumerated in item a or b in subsection A1 is due to Uncontrollable Circumstances, then COUNTY shall pay FRANCHISEE the following Direct Costs of FRANCHISEE that FRANCHISEE is not then being compensated for through charging and collecting Rates:
- (i) Rental fees for COUNTY'S use and possession of Service Assets equal to fair market value thereof as determined by an independent appraiser selected by the Parties as provided in this subsection A8a.
 - (ii) FRANCHISEE'S Direct Costs of providing Vehicles with fuel, oil, and other maintenance in accordance with subsection A3d.
 - (iii) FRANCHISEE'S Direct Costs of making FRANCHISEE'S personnel available to COUNTY in accordance with subsection A4.

The Parties shall select an appraiser as follows: within 10 days after FRANCHISEE requests payment of rental fees in events described in item (i) of this subsection, each Party will prepare a separate list of five Persons who do not work for either Party having experience in solid waste equipment appraisal, in numerical order with the first preference at the top, and exchange and compare lists. The Person ranking highest on the two lists by having the lowest total rank order position on the two lists is the appraiser. In case of a tie in scores, the Person having the smallest difference between the rankings of the two Parties is selected; other ties are determined by a coin toss. If no Person appears on both lists, this procedure is repeated. If selection is not completed after the exchange of three lists or 60 days, whichever comes first, then each Party will select one Person having the qualifications and experience described above and those two Persons will together select an appraiser.

- b. ***Other Than Uncontrollable Circumstances.*** If an event enumerated in item a or b in subsection A1 is not due to Uncontrollable Circumstances, then COUNTY will not be obligated to pay the compensation enumerated in subsection A8a, and FRANCHISEE shall pay County's Reimbursement Costs in accordance with subsection A6 within 10 days of COUNTY'S submitting an invoice therefor. If FRANCHISEE does not so timely

pay, COUNTY may draw upon any performance bond, letter of credit, or other security provided under this AGREEMENT.

- B. Disaster Assistance.** FRANCHISEE shall make Reasonable Business Efforts to assist County in the event of major disaster, such as an earthquake, storm, riot, or civil disturbance, by providing Vehicles and drivers normally assigned to the Service Area to Collect any Solid Waste as requested by COUNTY, at Customer Service Charges no greater than the Rates, unless the Director provides authorization based on information provided by FRANCHISEE substantiating the need for an increase. FRANCHISEE shall cooperate with COUNTY, State of California, and federal officials in filing information related to a regional, state, or federally-declared state of emergency or disaster as to which FRANCHISEE has provided equipment and drivers pursuant to this AGREEMENT.

SECTION 17 - DEBARMENT BREACHES AND DEFAULTS; SUSPENSION; TERMINATION

- A. Notice of Breach; Franchisee Cure.** If the Director determines that FRANCHISEE is in Breach, the Director may give Notice to FRANCHISEE identifying and describing the Breach, including any of the following:

1. Failure to keep Records required by this AGREEMENT;
2. Failure to file any Reports at the time, in the manner, and containing the information required in Section 13;
3. Failure to timely provide COUNTY with complete information (including any test results such as prescribed noise levels in accordance with Section 4A4) required by this AGREEMENT or requested by the Director in good faith in accordance with this AGREEMENT;
4. Failure to timely pay the Franchise Fee; or
5. Failure to timely pay an Indemnification.

FRANCHISEE shall remedy the Breach within 30 days from the receipt of Notice (or with respect to a Breach of the Child Support Compliance Program described in Section 22B, 90 days following notice by the Los Angeles County's Child Support Services Department) unless COUNTY determines that the public health and safety require a shorter period of time in which Franchisee must remedy the Breach. COUNTY will hold a conference with Franchisee within 30 days of Franchisee request. Franchisee may request additional time to correct the Breach, but COUNTY may accept or reject that request in its sole discretion.

B. Franchisee Default. The following constitute Franchisee Defaults:

1. **Fraud, Misrepresentation, or Breach of Warranties.** FRANCHISEE committed any fraud or deceit or made any intentional misrepresentations in the procurement of this AGREEMENT; commits, or attempts to commit, any fraud or deceit upon COUNTY following execution of this AGREEMENT; makes any material misrepresentations or breaches any warranties in this AGREEMENT (including Exhibit 20H); or includes any materially false or misleading statement, representation, or warranty in any Record or Report.
2. **Insolvency or Bankruptcy.** FRANCHISEE becomes insolvent or files a voluntary petition to declare bankruptcy; a receiver or trust is appointed for FRANCHISEE; or FRANCHISEE executes an assignment for the benefit of creditors. FRANCHISEE is deemed to be "insolvent" if it has ceased to pay its debts in the ordinary course of business or cannot pay its debts as they become due, whether or not FRANCHISEE has committed an act of bankruptcy and whether or not FRANCHISEE is insolvent within the meaning of the federal bankruptcy law or not.
3. **Failure to Provide Insurance, Bonds.** FRANCHISEE does not provide or maintain in full force and effect all insurance and other assurances of its Performance Obligations, including as required under Sections 14 and 15, or provide evidence of insurance coverage acceptable to COUNTY.
4. **Material or Repeated Violation of Applicable Law.**
 - (i) Any material Violation of Applicable Law that is not cured to the satisfaction of COUNTY or applicable Regulatory Agency within 30 days of the notice, assessment, or determination of that Violation of Applicable Law; or
 - (ii) Any repeated Violation of Applicable Law.

If FRANCHISEE is entitled to and does contest a notice, assessment, or determination of Violation of Applicable Law by proceedings conducted in good faith, no Franchisee Default will be deemed to have occurred until a final decision adverse to FRANCHISEE is entered.
5. **Failure to Collect for Seven Days.** Unless due to Uncontrollable Circumstances, FRANCHISEE fails to Collect for a period of either:
 - (i) Seven consecutive days; or
 - (ii) Seven days in the aggregate from the Execution Date.

6. **Failure to Collect for More Than Seven Days.** Whether or not due to Uncontrollable Circumstances, FRANCHISEE fails to Collect for a period of more than seven consecutive days.
7. **Payments to County.** FRANCHISEE does not timely and fully make any payment to COUNTY required under this AGREEMENT (including payment of Franchise Fees):
 - (i) More than twice in any calendar year;
 - (ii) Within 30 days of Notice by COUNTY that payment is due; or
 - (iii) With respect to payment of a shortfall in Franchise Fees, within 30 days of Notice in accordance with Section 11C.
8. **Specified Franchisee Defaults.** FRANCHISEE Breaches any of the following Sections:
 - (i) Section 22B Child Support Compliance Program (if not cured within 90 days of Notice as described in Section 17A);
 - (ii) Section 23D1 Compliance with ILO Convention Concerning Minimum Age for Employment;
 - (iii) Section 23E Nondiscrimination; or
 - (iv) Section 23G County Lobbyist Ordinance.
9. **Uncured or Repeated Breach.** FRANCHISEE does not timely cure any other Breach in accordance with subsection A or FRANCHISEE Breaches any of its Performance Obligations repeatedly or habitually, as determined by the Director in his or her sole discretion, whether or not a specific instance of failure or refusal has been previously cured. However, this Franchisee Default will be excused for a period of seven days beginning on the first occurrence of that Franchisee Default in the event of any Uncontrollable Circumstance, if the event materially affects FRANCHISEE'S ability to provide Franchise Services. Nevertheless, if an Uncontrollable Circumstance interrupts Collection, Customers may take actions and COUNTY may exercise any of its rights under Section 16. This Franchisee Default will not be excused if it continues for a period of more than seven days beginning on the first occurrence of this Franchisee Default.
10. **Improper Consideration.** COUNTY finds that consideration, in any form, was offered or given by FRANCHISEE either directly or through an intermediary to any COUNTY officer, employee, or agent with the intent of

securing this AGREEMENT or securing favorable treatment with respect to the award, amendment, or extension of this AGREEMENT or the making of any determinations with respect to FRANCHISEE'S performance pursuant to this AGREEMENT where that consideration may take any form including cash; discounts; service; or the provision of travel, entertainment, or tangible gifts.

11. **Default Under Guaranty.** A default exists under the guaranty, if any, provided in accordance with Section 13A5.

C. Notice of Franchisee Default.

1. **Effective Immediately.** The Director may terminate this AGREEMENT effective immediately following Notice by COUNTY to FRANCHISEE of any of the following Franchisee Defaults:
 - a. Any Franchisee Default, if the Director determines that protection of public health and safety requires immediate suspension or termination;
 - b. A Franchisee Default in item 3 of subsection B (failure to provide insurance, bonds);
 - c. A Franchisee Default described in item 4 of subsection B (material or repeated Violation of Applicable Law, including the County Lobbyist Ordinance);
 - d. A Franchisee Default described in item 10 of subsection B (improper consideration).
2. **Effective 30 days.** The Director may terminate this AGREEMENT effective 30 days following Notice by COUNTY to FRANCHISEE of any Franchisee Defaults other than the Franchisee Defaults listed in subsection C1 or termination events listed in subsection D.
3. **Effective 15 days.** The Director may terminate this AGREEMENT effective 15 days following Notice by COUNTY to FRANCHISEE of COUNTY'S right to terminate this AGREEMENT in the event of Criminal Activity in accordance with Section 20J and subsection D2c.

D. Suspension or Termination of AGREEMENT

1. **Suspension.** Together with any other rights COUNTY may have under this AGREEMENT (including the right to use and possession of Service Assets under Section 16), the Director may suspend this AGREEMENT, in

whole or in part, for a period of 45 days effective immediately upon Notice to FRANCHISEE in any of the following events:

- a. A Franchisee Default; or
- b. COUNTY exercise of its right to suspend this AGREEMENT under Section 20J in the event of Criminal Activity of FRANCHISEE.

During that 45-day period FRANCHISEE shall have the opportunity to demonstrate to COUNTY that FRANCHISEE can once again fully perform Franchise Services in accordance with this AGREEMENT. If FRANCHISEE so demonstrates, COUNTY'S right to suspend this AGREEMENT will cease and FRANCHISEE may resume providing services. If FRANCHISEE does not so demonstrate, COUNTY may terminate this AGREEMENT and exercise any other rights and remedies under this AGREEMENT.

2. Termination

- a. **Franchisee Default.** The Director may terminate this AGREEMENT, in whole or in part, upon the occurrence of a Franchisee Default and Notice to FRANCHISEE at the times provided in subsection C.
- b. **Failure to Agree on Rate Adjustments.** Notwithstanding the foregoing, the Director may terminate this AGREEMENT upon six months' Notice if in the judgment of the Director, COUNTY and FRANCHISEE are unable to reach satisfactory agreement to adjust Rates in accordance with item 4 of Section A1 of Exhibit 10 for a Change in Law or changes in Service Specifications or Service Standards following good faith negotiations during a period of at least 30 days.
- c. **Criminal Activity.** The Director may terminate this AGREEMENT upon Notice required in Section 17C if County exercises its right to terminate this AGREEMENT under Section 20J in the event of Criminal Activity of FRANCHISEE.

- E. **Franchisee Responsibility and Debarment.** COUNTY may debar FRANCHISEE from doing business with COUNTY if COUNTY determines after giving notice and conducting a hearing in accordance with Chapter 2.202 of the County Code, which shall apply to this AGREEMENT, that FRANCHISEE (or any of its Subcontractors) is not responsible within the meaning of Chapter 2.202 and pursuant to COUNTY'S policy to do business with responsible contractors; Franchisee's failure to comply with the Child Support Compliance Program, as

provided in Section 22B, may be cause for debarment in accordance with §2.200.020 of the County Code.

SECTION 18 - ENFORCEMENT OF AGREEMENT

- A. As Provided by Law.** Either Party may avail itself of any remedy available under law.
- B. County's Additional Remedies.** Without limiting COUNTY'S remedies otherwise available under this AGREEMENT in law or equity, at its option, COUNTY may enforce a Breach in any or all of the following ways:
1. Execute alternative agreements for MSW Management Services in the event of Franchisee Default;
 2. Seek to obtain injunctive relief and/or damages; and
 3. Assess damages under subsection D.
- C. Injunctive Relief.** FRANCHISEE acknowledges that COUNTY'S remedy of damages for a Breach may be inadequate for reasons including the following:
1. The urgency of timely, continuous and high-quality Franchise Services, including Collection, transportation, and/or transfer for Disposal of wastes which constitute a threat to public health;
 2. The long time and significant commitment of money and personnel and elected officials (both COUNTY staff and private consultants, including engineers, procurement counsel, citizens, public agency colleagues, and elected COUNTY officials) invested in this AGREEMENT, including developing COUNTY'S Option Analysis dated February 2001 and implementing its recommendations through numerous meetings of a Working Group comprised of Solid Waste industry representatives from small and large businesses, requesting and evaluating qualifications and proposals for this AGREEMENT (including FRANCHISEE'S), reviewing and commenting on documentation submitted by FRANCHISEE in conjunction with execution of this AGREEMENT, and review of Franchisee Documentation;
 3. The time and investment of personnel and elected officials described in the preceding item 2 to develop alternative Solid Waste services comparable to Franchise Services for the price provided under this AGREEMENT, and to negotiate new agreements therefor; and
 4. COUNTY'S reliance on FRANCHISEE'S technical Solid Waste management expertise.

Consequently, COUNTY is entitled to all available equitable remedies, including injunctive relief.

D. Recovery of Damages

1. **Compensatory.** COUNTY may seek compensatory damages, including the following:
 - a. Amounts equal to any Franchise Fees, liquidated damages, or other amounts that FRANCHISEE has previously paid to COUNTY but are subsequently recovered from COUNTY by a trustee in bankruptcy as preferential payments or otherwise;
 - b. If COUNTY terminates this AGREEMENT for a Franchisee Default or in the event of Criminal Activity in accordance with Section 17D2a or c, costs incurred by COUNTY to provide or reprocur MSW Management Services in lieu of Franchise Services; and
 - c. If COUNTY terminates this AGREEMENT prior to expiration for a Franchisee Default or in the event of Criminal Activity in accordance with Section 17D2a or c, costs of MSW Management Services provided or reprocured in lieu of Franchise Services in excess of Customer Service Charges for the balance of the Term remaining if this AGREEMENT had not been terminated.

COUNTY may draw upon the performance bond, letter of credit, certificate of deposit, or other form of performance assurance provided by FRANCHISEE in accordance with Section 15 to pay compensatory damages.

For FRANCHISEE'S misrepresentation regarding contingent fees in Exhibit 20H, in addition to terminating this AGREEMENT, COUNTY may recover from FRANCHISEE the full amount of the proscribed commission, percentage, brokerage, or contingent fee.

2. **Liquidated.** The Parties acknowledge that COUNTY incurred considerable time and expense procuring this AGREEMENT in order to secure an improved level of Collection quality and increased Customer satisfaction. Therefore, consistent and reliable Services are of the utmost importance to COUNTY and Customers. COUNTY has considered and relied on FRANCHISEE'S representations as to its quality of service commitment in entering into this AGREEMENT, and FRANCHISEE'S Breach represents a loss of bargain to COUNTY. The Parties further recognize that quantified standards of performance are necessary and appropriate to ensure quality, consistent, and reliable Collection, and if FRANCHISEE fails to meet its Performance Obligations, COUNTY will

suffer damages (including its Customers' inconvenience; anxiety, frustration, potential political pressure, criticism, and complaint by Customers; lost Supervisors and staff time; deprivation of the benefits of this AGREEMENT and loss of bargain) in subjective ways and in varying degrees of intensity that are incapable of measurement in precise monetary terms, and that it is and will be impracticable and extremely difficult to ascertain and determine the value thereof. In addition, in the event of Breach or Franchisee Default, urgency of protecting public health and safety may necessitate that COUNTY enter into emergency or short-term arrangements for services without competitive procurement at prices substantially greater than hereunder, and the monetary loss resulting there from is impossible to precisely quantify. Lastly, termination of this AGREEMENT for Franchisee Default and other remedies provided hereunder are, at best, a means of future correction and not remedies that make COUNTY whole for past Breaches and Franchisee Defaults. Therefore, the Parties agree that the liquidated damages listed in Exhibit 18D2 represent a reasonable estimate of the amount of damages, considering all of the circumstances existing on the date of this AGREEMENT, including the relationship of the sums to the range of harm to COUNTY that reasonably could be anticipated and anticipation that proof of actual damages would be costly or inconvenient. In signing this AGREEMENT, each Party specifically confirms the accuracy of the statements made above and the fact that each Party had ample opportunity to consult with legal counsel and obtain an explanation of this liquidated damage provision at the time that this AGREEMENT was made.

- E. County's Reimbursement Costs.** FRANCHISEE shall pay COUNTY promptly upon request County's Reimbursement Costs of conducting a nonroutine investigation of any alleged Breach, when appropriate in judgment of the Director. FRANCHISEE shall reimburse COUNTY for County's Reimbursement Costs incurred as a consequence of FRANCHISEE'S Breach, including failure to maintain insurance.
- F. Waiver.** No waiver by COUNTY of any breach of any provision of this AGREEMENT constitutes a waiver of any other breach of such provision. Failure of COUNTY to enforce at anytime, or from time to time, any provision of this AGREEMENT will not be construed as a waiver thereof. The rights and remedies set forth in this subsection are be exclusive and are in addition to any other rights and remedies provided by law or under this AGREEMENT.

SECTION 19 - TRANSFER OF FRANCHISE

- A. Director Consent.** FRANCHISEE may not Transfer this AGREEMENT, the Franchise granted under it, or any rights and duties under it, in whole or in part, and whether voluntarily or involuntarily, without an amendment to this AGREEMENT, which amendment may be executed by the Director on behalf of

COUNTY, in the Director's sole discretion. Any Transfer or attempted Transfer of this AGREEMENT, the franchise granted under it or any rights and duties under it, made without the Director's consent, at COUNTY'S option, will be null and void. The Director may condition consent upon payment of amounts specified in Exhibit 3A.

B. Franchisee Demonstration. Without obligating the Director to give consent, FRANCHISEE shall demonstrate to the Director's satisfaction that the proposed transferee has the operational and financial ability to satisfy its Performance Obligations.

C. Payment of County's Transfer Costs.

1. **Transfer Deposit.** FRANCHISEE must make any request for COUNTY consent to a Transfer in the manner prescribed by the Director. FRANCHISEE shall pay COUNTY a Transfer Deposit prior to COUNTY'S consideration of FRANCHISEE'S request. "Transfer Deposit" means the amount equal to COUNTY'S anticipated Transfer Costs. COUNTY will return to FRANCHISEE any FRANCHISEE payment in excess of the Transfer Deposits incurred.

2. **Additional Transfer Costs.** In the course of COUNTY'S processing FRANCHISEE'S request for Transfer, FRANCHISEE shall further pay COUNTY the its additional Transfer Costs in excess of the Transfer Deposit within 30 days of COUNTY'S request therefor, whether or not COUNTY approves the Transfer. Upon request of FRANCHISEE, COUNTY will provide FRANCHISEE access to all records evidencing the Transfer Costs incurred. "Transfer Costs" means County's Reimbursement Costs of considering and reviewing FRANCHISEE'S request for Transfer, investigating the suitability of the transferee, and determining whether or not to give COUNTY consent, including fees of consultants and attorneys necessary to analyze the application and to prepare documents to effectuate the Transfer as well as COUNTY staff costs.

D. County's Reimbursement Costs of Enforcement. In addition, Franchise shall pay County's Reimbursement Costs for fees and investigation costs as COUNTY may deem necessary to enjoin the Transfer or to otherwise enforce this provision within 30 days of COUNTY'S request therefor.

E. "Assign." For purposes of this Section, "Assign" means any of the following:

Any mediator, arbitrator, or

court must find the Party's exercise to be reasonable. Recognizing the essential public health and safety protections this AGREEMENT serves where this AGREEMENT specifically provides that the exercise of any Discretionary Action is in either Party's independent, sole, exclusive or absolute discretion, control or judgment, the other Party will not question or challenge the first Party's exercise thereof. Parties will nevertheless exercise their rights and remedies in good faith in accordance with Applicable Law.

- B. Independent Status.** FRANCHISEE is an independent entity and not an officer, agent, servant, or employee of COUNTY. This AGREEMENT is by and between COUNTY and FRANCHISEE and is not intended, and will not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association between COUNTY and FRANCHISEE, including for purposes of workers' compensation. FRANCHISEE is solely responsible for the acts and omissions of its officers, agents, employees, FRANCHISEES and Subcontractors, if any. Nothing in this AGREEMENT will be construed as creating an arrangement for handling Unpermitted Waste. Such evaluation will include assessing FRANCHISEE'S compliance with all terms and performance standards of this AGREEMENT. FRANCHISEE deficiencies that COUNTY determines are severe or continuing and that may place performance of this AGREEMENT in jeopardy, if not corrected, will be reported to the Board of Supervisors. The report will include improvement/corrective action measures taken by COUNTY and FRANCHISEE. If improvement does not occur consistent with the corrective action measures, COUNTY may terminate this AGREEMENT or impose other penalties as specified in this AGREEMENT.

3. **References to Parts.** References to Sections refer to Sections of this AGREEMENT, unless specified otherwise. References to Exhibits and Attachments refer to Exhibits and Attachments attached to this AGREEMENT. Reference to "subsections" refers to the subsection contained in the same Section in which the reference occurs, unless otherwise referenced.

- C. **Integration.** This AGREEMENT contains the entire agreement between the Parties with respect to the rights and responsibilities of the Parties under this AGREEMENT. This AGREEMENT completely and fully supersedes any and all prior oral and written understandings and agreements between the Parties with respect to those rights and responsibilities.

- D. **Governing Law.** This AGREEMENT is governed by, and construed and enforced in accordance with, the law of the State of California, without giving effect to the State's principles of conflicts of laws.
- E. **Severability.** If any clause, sentence, provision, subsection, or Section of this AGREEMENT or Exhibit to this AGREEMENT (an "Agreement Provision") is ruled illegal, invalid, nonbinding, or unenforceable by any court of competent jurisdiction, then the Parties will take the following actions:

 2. If necessary or desirable to accomplish preceding item 1, apply to the court that declared the invalidity for a judicial construction of the substituted Agreement Provision and any amendments, deletions, or additions to this AGREEMENT. Those references are intended to facilitate FRANCHISEE'S satisfaction of its Performance Obligations and COUNTY'S administration and specific enforcement of this AGREEMENT and may not be construed to constitute lack of obligation to comply with other provisions or requirements of Applicable Law not specifically referred to or cited in this AGREEMENT. If any provision of this AGREEMENT is more stringent than Applicable Law, FRANCHISEE shall comply with that provision.
3. **Fines and Penalties.** FRANCHISEE is solely liable for all fines and penalties that may be imposed on FRANCHISEE or may be due to FRANCHISEE'S actions, including fines and penalties that are the result of FRANCHISEE'S Violation of Applicable Law (including Permits). While COUNTY reserves the right to determine independently that the antidiscrimination provisions of this subsection E have been violated, in addition, a determination by the California Fair Employment Practices Commission or the federal Equal Employment
